PROFESSIONAL SUMMARY

I am a Undergraduate student with a strong background in deep learning, neural networks, and predictive modelling, with an emphasis on machine learning and artificial intelligence. I possess solid foundation in database systems, data structures, and algorithms; skilled in Python, SQL, and ML/DL Libraries. Looking forward to work on AI, Machine Learning, Deep learning and Research Roles in Multinational Companies .

EDUCATION

Degree/Certificate	Institute/Board	CGPA/%	Year
B.Tech in CSE	SR University, Warangal	8.1 CGPA	2023 - Present
Intermediate (Class XII)	Narayana Junior College	77.3%	2021 - 2023
Schooling (Class X)	Viswa Bharati High School	10.0 GPA	2021

CORE COMPETENCIES

- Languages & Database:** Python, C, Html, CSS, SQL, MySQL
- Frameworks & Libraries:** NumPy, Pandas, Matplotlib, Scikit-learn, PyTorch, TensorFlow
- Version Control & Tools:** Git, GitHub, VS Code, Thonny
- Domains:** Machine Learning, Statistical ML, Generative AI, Deep Learning, Explainable AI (X-AI)
- Soft Skill:** Teamwork, Time Management, Problem-Solving, Strategic Thinking

TECHNICAL PROJECTS

- Air Pollution Forecasting Using CNN+LSTM models** *November 2025*
Course Project, SR University
 - This project uses deep learning with explainable AI to accurately predict PM 2.5 air pollution and identify the key weather factors influencing it.
- Pothole Detection using Hybrid Quantum Model** *September 2025*
Realtime Project, SR University
 - Deployed a deep learning model integrated with quantum computing techniques for automated road pothole detection.
- Fake Account Detection on Social Media using Machine Learning** *November 2025*
SR University
 - Implemented a machine learning-based system to detect fake social media accounts using Random Forest, XGBoost, LSTM, and Neural Networks.
 - Built a machine learning model for fake social media account detection using ensemble and deep learning techniques.
- Virtual Herbal Platform Using Web Development Tools** *April 2025*
SR University
 - Developed an interactive Virtual Herbal Garden platform to educate users about AYUSH medicinal plants using searchable plant data, bookmarking features, and secure database integration.
- Real-Time Emotion Detection Using Deep Learning** *April 2026*
Personal Project
 - Built a deep learning-based emotion detection system using TensorFlow, OpenCV, and CNN for real-time facial expression recognition.
 - Implemented face detection and classified emotions into seven categories with live webcam-based prediction.
 - Improved human-computer interaction by enabling real-time emotion analysis.

INTERSHIPS

- AICTE EduSkills Virtual Internship** *March 2025*
Online Internship
 - Completed a virtual internship in Data Engineering with industry-oriented learning modules and practical assignments.
 - Gained hands-on experience in real-world problem-solving, tools, and workflows relevant to the domain.

- Successfully completed assessments and project tasks under the AICTE–EduSkills internship program.
- **Web Development Intern** June 2025
Online Internship
 - * Micro Information Technology Services
 - * Completed a 1-month internship focused on web development fundamentals and practical implementation.
 - * Gained hands-on experience in building and understanding real-world web applications.

ACHIEVEMENTS

- * **Participated in Smart India Hackathon** September 2025
 - Engaged in Internal Smart India Hackathon 2025, developing an innovative solution in a 24-hour team-based challenge.
- * **Semester Topper at SR University** August 2025
 - Awarded Semester Topper in Computer Science & Artificial Intelligence (AIML), SR University (2024–25).
- * **Industrial visit to T-Hub, Hyderabad** October 2025
 - Attended an industrial visit to T-Hub, Hyderabad, interacting with startup mentors and learning about innovation, leadership, and product development.
- * **Appeared for HackwithHackathon** October 2025
 - Participated in HackWithHyderabad Hackathon at Microsoft Office, Hyderabad, collaborating on innovative problem-solving solutions.
- * **Took part in AINCAT-2025** May 2025
 - AINCAT-2025 Certified, demonstrating strong technical knowledge and understanding of industry practices.

CERTIFICATIONS

- * **Azure AI Engineer Associate (AI-102)** Microsoft
- * **Azure AI Fundamentals (AI-900)** Microsoft
- * **Amazon Web Services Certified Data Engineer – Associate (DEA-C01)** Amazon Web Services
- * **AWS Certified Cloud Practitioner** Amazon Web Services
- * **Introduction to Generative AI Studio** Google
- * **Technology Job Simulation** Deloitte
- * **Python Full Stack** Edu Skills

DECLARATION

I hereby declare that the above given information is true to the best of my knowledge.
